## Impulse Pinpoint R

- Purchased from Access Detection, took delivery of it start of December 2021. Purchase price \$29852.90 inc. GST
- This was purchased to replace an IDS Opera Duo that Brad had but obviously there was no use for either unit after New Year.
- Natalie has been the only operator of this unit for approximately 5 hours since purchase.
- Pinpoint R comes with 2 batteries and a charger. Minimal overspray on unit. Screen is a Samsung tablet which we still have the boxes for.

- Little bit of a scuff mark just below black riser bars to screen where it has rubbed against a trace reel in the truck.

- Little bit of pink paint on wheel from faulty can.
